THE SCIENCE OF HAPPINESS AND YOUR PERSONAL/PROFESSIONAL DEVELOPMENT
HFT 3930
1-CREDIT POD - OCT 5 (5-9PM) & OCT 6 (8:30AM-6:00PM)

HOW TO USE THE SCIENCE OF HAPPINESS
How can you become more engaged in your life? How can you sustain positive emotions? How can you help build a positive business community and what would it look like? What is life’s ultimate meaning and how can you align it to your professional development?

PUT HAPPINESS TO WORK: INCREASE WELLBEING, PRODUCTIVITY AND RESILIENCE
- Create conditions in the workplace that nurture a life worth living.
- Practice evidence-based experiential activities that create and sustain positive emotions and desired experiences.
- Integrate resiliency techniques to face personal and professional challenges more effectively.
- Develop and implement a project aimed at promoting personal and organizational well-being based on tested happiness tools and strategies
